8 July 2021

Dear Ms Opacic

DECISION NOTICE

Application Type: Details To Comply (ESSO)

Proposal: Submission of details to comply with requirement 15 (community engagement plans) pursuant to Schedule 2 of the Southampton to London Pipeline Development Consent Order 2020 made 7 October 2020

Location: Esso Pipeline, Frimley Green Road, Frimley, Camberley, Surrey, GU16 7AJ

I write with reference to your submission of the above application.

I am able to confirm that following consultation the following details are acceptable for the purposes of requirement 15 in relation to Surrey Heath and are approved:

Southampton to London Pipeline Project Community Engagement Plan revision 2.0 dated June 2021 received on 4 June 2021

The approval of these details also acknowledges that community engagement will also take place under other legislation for example under the County Highway Authority's Permitting Scheme as part of this project.

Whilst your comments of 8 July in response to the consultation response made by Chobham Parish Council are disappointing we note the publicity and engagement that will take place in the Chobham area.

I hope this clarifies the current position and is of assistance.

Yours sincerely

Sarita Bishop
Principal Planning Officer (Major Projects)
